ABOUT US

Global Impact, Local Action

We are honored to mark our 10th anniversary by expanding into the North American market with our official launch in Canada—solidifying our presence in a third country and reinforcing our commitment to global excellence.

IFAS is a financial consulting firm offering globally positioned services in critical areas including assurance, sustainability, taxation, business operations, commercial analytics, and strategic growth. Supported by a dedicated professional team headquartered across England, Türkiye and Canada, we deliver tailored solutions to small-to-medium enterprises (SMEs), large-scale corporations, and multinational entities.

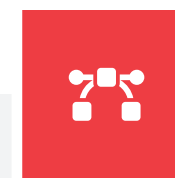

At IFAS, we don't claim perfection, but we offer persistence: in doing right by our clients, prioritizing ethics over expediency, and safeguarding the confidence placed in us.

The foundation of our organization was initiated with the purpose of delivering financial consultancy, auditing, and advisory services to small, medium, and large-scale enterprises operating across diverse industries.

IFAS has not only transformed its clients into the digital age and toward sustainability, but has also adapted to this global transformation as a whole. It has developed innovative solutions such as E-Accountant and Online Business Registration, and is continuing at full speed to develop its upcoming project, IFAS.ai, which will be launched in 2026.

Internal Audit

Rethinking Risk. Empowering Resilience

From cyber threats to regulatory pressures, Canadian businesses face an evolving risk landscape. At IFAS, we position internal audit as your strategic ally, not just a compliance function.

Providing independent internal audits and financial accounting advisory services to enhance transparency, compliance, and reliability in financial reporting.

Protect Reputation

- Safeguard stakeholder trust through ethical governance and strong internal controls.

Enhance Resilience

- Strengthen your organization's ability to anticipate and adapt to disruption.

Unlock Value

- Reveal hidden efficiencies, drive process improvement, and support innovation across the enterprise.

Financial Accounting Advisory

Mastering Complexity. Delivering Confidence.

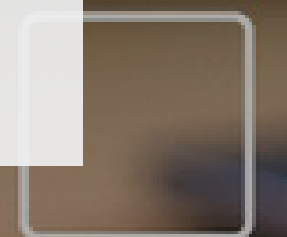

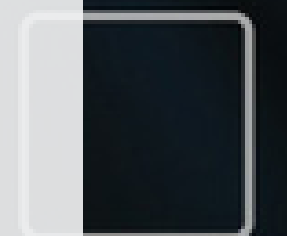

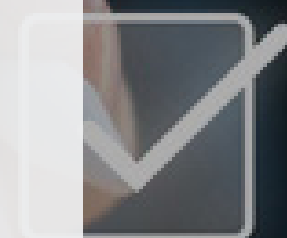

Financial decisions shape the future. At IFAS Canada, we provide expert guidance through every stage of your financial journey—from complex transactions and capital strategy to regulatory reporting and accounting standard adoption.

We don't just interpret the rules—we help you turn them into a **strategic advantage**. Our advisory solutions empower you to:

- Navigate major financial events with precision and transparency.
- Align accounting practices with bold business goals.
- Transform compliance requirements into opportunities for growth.

ASSURANCE

Providing independent internal audits and financial accounting advisory services to enhance transparency, compliance, and reliability in financial reporting.

R&D SUPPORT CONSULTANCY

In a global economy marked by rapid change and increasing asymmetry in favor of developed corporations, access to sustainable financing has become a critical priority for businesses striving to remain competitive. In this evolving landscape, the most reliable and impactful sources of funding are no longer traditional loans or capital markets alone—but the strategic use of government-backed tax incentives, grants, and institutional funding mechanisms.

At IFAS Canada, we understand that navigating the intricate web of tax regulations and incentive programs requires more than technical know-how—it demands foresight, precision, and strategic alignment. Our dedicated tax advisory team works proactively to identify and secure exemptions, credits, and fiscal advantages tailored to your business model and growth objectives.

By turning complex tax structures into sources of opportunity, we help our clients not only reduce financial burden but also enhance their long-term competitiveness. We don't just ensure compliance—we help you capitalize on it.

✓ Sustainable Finance

Aligning Financial Strategies with Sustainable Growth

We assist clients in embedding sustainability into their financial operations to support environmental stewardship and social responsibility without compromising

- **Identifying ESG Opportunities:** Conduct thorough materiality assessments to pinpoint ESG factors most relevant to your business, ensuring efforts are focused and impactful.
- **Securing Green Financing:** Navigate the landscape of green bonds, sustainability-linked loans, and government incentives to fund eco-friendly projects.
- **Implementing AI-Driven Solutions:** Utilize predictive analytics to prioritize initiatives with the highest return on investment, such as upgrading to energy-efficient systems.

✓ ESG Reporting

Enhancing Transparency and Building Stakeholder Trust

Transparent ESG reporting is crucial for meeting regulatory requirements and satisfying investor expectations.

- **Framework Alignment:** Prepare disclosures in accordance with leading standards, including GRI, SASB, TCFD, and ISSB, ensuring compliance and comparability.
- **Data Integrity:** Employ advanced technologies like IoT sensors and blockchain to collect and verify accurate data across all emission scopes.
- **Continuous Improvement:** Set and monitor science-based targets, facilitating ongoing enhancement of ESG performance.

✓ Clean Economy Incentives

Maximizing Benefits from Government Initiatives

We guide clients through the complexities of Canada's clean economy incentives to optimize financial advantages.

- **Investment Tax Credits:** Identify eligibility for refundable tax credits in areas such as Carbon Capture, Utilization, and Storage (CCUS), clean technology, clean hydrogen, and clean technology manufacturing.
- **Labor Compliance:** Ensure adherence to prevailing wage standards and apprenticeship requirements to secure full credit rates and avoid penalties. The Financial Analyst
- **Strategic Investment Planning:** Align clean technology investments with available incentives to enhance returns and support sustainable growth.

Sustainability Services at IFAS Canada

**Strategic Sustainability.
Auditable Impact.**

In an era where sustainability is integral to business success, IFAS Canada empowers organizations to integrate Environmental, Social, and Governance (ESG) principles into their core strategies. Our comprehensive services are designed to enhance transparency, attract investment, and drive long-term value.

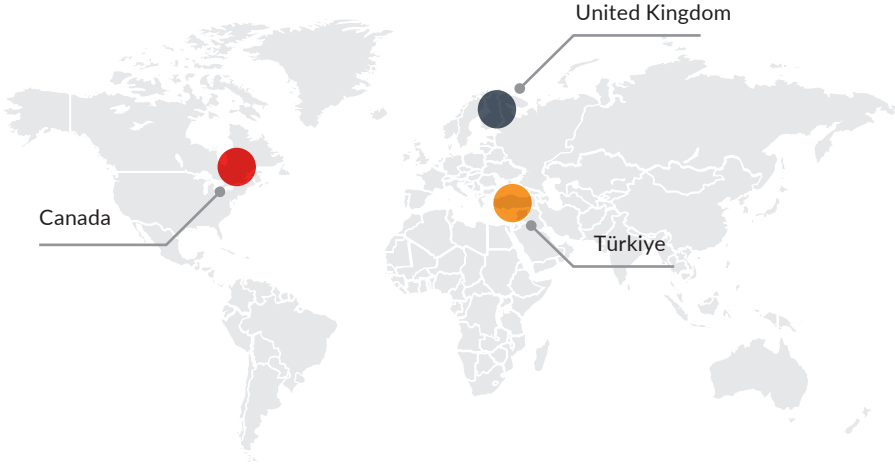

TRUST

At IFAS Canada, trust is the cornerstone of our client relationships and the foundation of every service we provide. We are transparency, and security to foster enduring partnerships built on mutual respect and confidence.

- **Integrity:** We prioritize ethical decision-making, offering recommendations that serve your best interests. Our team consistently aligns actions with values, ensuring accountability
- **Transparency:** Clear and open communication is vital. We demystify complex financial concepts, providing straightforward insights and maintaining an open-book approach to our
- **Security:** Protecting your sensitive information is paramount. We implement robust security protocols and adhere to stringent data protection regulations, safeguarding your data
- **Commitment:** Our dedication to your success is unwavering. We honor deadlines, fulfill promises, and adapt to your unique needs and cultural contexts, viewing our clients as partners

At IFAS Canada, trust is not just a principle—it is the essence of our practice, ensuring that every interaction reinforces our commitment to your prosperity and peace of mind.
